NEGRO ATTACKS A YOUNG GIRL.

Jessie Hemphill Seized On Street
In Broad Daylight By Bud
Richardson Friday.

DIFFICULTY TO PREVENT MOB.

Friday about noon Miss Jessie Hemphill, the 11 year old daughter of Mr. and Mrs. John Hemphill, was attacked by Bud Richardson, a negro boy. Miss Hemphill was on her way home from the Cloverport Graded School and she was in Eastland near her home when Richardson grabbed her and put his arms around her neck. The girl aroused the neighborhood by her screams and frightened the negro away.

Richardson was caught and arrested by Marshall O. DeHaven. He was examined in the police court Saturday afternoon and Judge Wells fixed his bond at \$300. The negro could not give bond and was taken to Hardinsburg to be placed in the county jail. The case was continued until yesterday.

The people of Cloverport are greatly incensed at the outrage and there was difficulty in keeping down a mob Friday night and Saturday afternoon.

Miss Hemphill is a beautiful girl of modest and quiet manner. The insult almost prostrated her with fright. It is said that Richardson had scared her several times by speaking to her impertinently.

Kentucky Republicans in convention last week adopted resolutions binding the delegates to the National Convention to vote for William H. Taft until he shall be nominated.

The features of the convention was the fight made by Senator-elect William O. Bradley for a place among the "big four" delegates at large, for which honor he was defeated only after several ballots by William Marshall Bullitt of Louisville, the recognized Taft leader in Kentucky.

Senator Bradley made an impassioned appeal for harmony and almost swept the convention off its feet with his oratorical outburst. Then followed the battle of the ballots in which Bradley's supporters, even among the most rabid Taft men, urged his selection and fought to the last to get a place for him.

But his support of Fairbanks and his inflammatory speeches, as they said, told against him and in the end Bullitt got a majority. There was much confusion during the balloting, many counties changing their votes and a number of outsiders being voted for before the final count gave Bullitt a majority.

It is now certain that twenty-two of the twenty-five votes of this State will be cast for Taft and that of the remaining four two will be contested.

KENTUCKY REPUBLICANS' PLATFORM.

The Republicans of Kentucky, in convention assembled, hereby declare:

We congratulate the citizens of Kentucky upon the election of Augustus E. Willson as Governor and approve his efforts, under great difficulties, to restore law and order throughout the State.

We reaffirm the declaration of principles adopted by the last Republican State Convention and assure the people of Kentucky that the State Administration has labored faithfully and earnestly to crystallize these principles into written law, and that it will continue to do so.

We approve and applaud the splendid Administration of Theodore Roosevelt. He has raised the moral standard of all the departments of government to a higher plane than was ever before reached. Honesty, justice and the enforcement of law prevail as the principles of government.

We favor a sound financial system, a great navy, with speedy completion of the Panama Canal, and a just and generous policy toward our insular possessions.

We favor the revision of the tariff by a Congress which understands and believes in the principles of protection to American labor.

We favor a wise and just regulation of the public utilities which have become National public servants, and we oppose the dangerous and un-American doctrines of Government ownership of such utilities.

We stand for the policies which have made the present Administration great, and demand that these policies shall prevail and their objects be accomplished.

By natural gifts, by special training, by wide and uncommon experience, William H. Taft, of Ohio, is fitted for the office of President of the United States, and we instruct our delegates to the National Convention at Chicago to vote for him until he shall be nominated.

We sympathize with all wise and legitimate efforts to lessen and prevent the evils of intemperance and to promote morality.

We congratulate the Republican party of the State of Kentucky upon the election to the United States Senate of the Hon. W. O. Bradley.

Official Proceedings and Claims Allowed at the April Term, 1908.

(Continued from last week.)

Which report was, by vote, adopted and the committee discharged.

It is ordered by the court that W. F. Hook and M. H. Beard be and they are hereby appointed as commissioners of this court to settle with the sheriff for taxes for the year 1908; and M. H. Beard is allowed for his services as such commissioner for the year, 1907, the sum of \$20.

The county clerk is hereby ordered to deliver to the county Supervisor of Road, a certified list of delinquents in each of the magisterial districts of the county. The county clerk is further ordered to deliver to said Supervisor of Roads a certified approximation of the amount of money available for road purposes in each magisterial district for the year 1908, both of which certificates shall be delivered at once together with a statement of the amount due the Road and Bridge fund for said year.

It is ordered by the court that the salaries of the county attorney, county supervisor of Roads and county judge and the same are hereby allowed for this year 1908, as per the order fixing their salaries.

It is ordered by the court that new locks be provided for the court house door and that hereafter the janitor shall lock said door at six o'clock p. m. and shall remain locked until six o'clock a. m. of each day, and no person shall be allowed in said court house except accompanied by county officials on business, and the said county officials shall be provided with a pass key. And for failure to perform the duties herein imposed, the janitor shall be peremptorily discharged.

It is ordered by the court that no claim shall be allowed to any person except he be present in court and make oath as to the said claim; or, unless it be duly itemized and sworn to and proven. All pauper matters or claims must be authorized and approved by the pauper commissioner. All road claims must be authorized and approved by the road and bridge commissioner. No claim will be paid unless authorized or approved by the proper official.

Upon motion of H. G. Vessels, seconded by C. H. Drury, it is ordered that the County Supervisor of Roads and Bridges by written obligation countersigned by the county judge, may for each of the magisterial districts, at such times as he sees proper, borrow sums of money for the payment of road or bridge work; and that the amounts so procured, he will issue district warrants covering the amount so procured, together with the interest charged therefor, thus enabling the county to pay cash for labor or materials used by the said county or the said districts.

This day came the commissioners of Tax Park bridge and filed a written report, and said commissioners are continued under the former orders of this court.

It is ordered by the court that the county clerk be and he is required to produce on the first day of April next, a list of all the election officers who served as such at the election of the preceding year together with the election commissioners and the several amounts due them.

All claims of county officials are hereby ordered to be produced on the first day of April next, and the clerk is required to certify on the first day of each term of this court.

It is ordered by the court that the amount of money in the sheriff's hands arising from the sinking fund levy as shown by the settlement, be paid to Paul Campton, as commissioner and receiver, and that the same be applied on the county indebtedness. It is ordered that the balance remaining in the pauper fund be transferred to the general or emergency fund in the hands of the said commissioner and receiver. And it is further ordered that the balance of the general expense fund, as shown by the settlement, be paid out of the general or emergency fund as heretofore created.

It is ordered by the court that the balance due each magisterial district on account of the road fund and the amount remaining in the hands of the sheriff for the payment of orders, and the said amounts shall be charged to him in his next settlements.

This day came the committee directed to report concerning the janitor and the keeping of public property, and report as follows: "Whereas the janitor will be paid as follows: County officers, \$5, county \$5, and jailer, \$5 per month. The county judge will employ the janitor, and warrants will issue for the \$5 monthly, and settlement will be had with the jailer at each term of the court." And the said report was adopted and made the order of this court.

This court having considered the commissioners' and supervisors' report, and having heard evidence and made further investigation, and it appearing that the abatement on the Grayson side of Eveleigh Mill is not constructed and in condition called for in contract, it is now ordered that the work be rejected and not received or approved, and that no further payment be made by this county until the said abatement be reconstructed or until Murphy Bros. contract be performed according to agreement. The bridge commissioner, J. V. St. Clair, and the commissioners appointed to confer with Grayson county, will again confer with the proper Grayson county authorities as to what payments they have made and as to what actions they deem proper in the premises. And the Breckenridge county commissioners will notify the Champlain Bridge Company not to place the bridge on said abutments until further notice; and this matter of contract is hereby referred to the county attorney and the said commissioners will advise with the county attorney. And Justices McCallish, Ruppert and O'Reilly will examine the said abatement in conjunction with the said commissioners and will make report and recommendations together with said commissioners and the county attorney, at the next term of this court.

We, H. G. Vessels, C. H. Drury and T. M. Bates, Fiscal Court Committee, and M. H. Beard and W. F. Hook, commissioners appointed to settle with Milt Miller, sheriff of Breckenridge county for the year 1907, and to examine and report on the condition of the road supervisor's books, respectively report as follows:

The settlement for the year is a most excellent one, being perfectly balanced and thoroughly accurate. Each year we observe the system of county government becoming more perfect in its details. The disbursements as evidenced by the settlement show that many valuable and needed improvements were made during the past year in the various parts of the county, without raising the taxes. The settlement of 1907 showed 616 delinquents; settlement 1908 showed 616 and 1908 shows but 439. And during the present administration, delinquent taxes have been required to be worked out on the roads, thereby leaving nothing to the county. We note that the assessed valuation of the county is annually increasing and that the county has this year the best prepared Assessor's book that it has ever had, most accurate and convenient in every respect. The assessment seems to have been closer than usual, the sheriff returning no list of taxes collected on unassessed property, reporting none collected. The necessary erection of new bridges and the repairing of old ones will necessitate large expenditures in the future, if the safety and convenience of the people are to be considered. The commissioners to investigate the condition of county bridges has made a report to which shows that there has been practically no repairing of many of the bridges until last year for many years, and further that many bridges of the county are in a bad condition, because of continued neglect. The expenditures for the year out of the General Expense Fund have been conservative, yet they evidence a progressive system, the first system of its kind the county ever had. The supervisors' accounts are straight and there appears no irregularity in the matter of disbursements. The total costs to the county of expending its road money (for assistant supervisors, etc.) is being decreased under the present system. The road records generally are in the best condition they ever were.

In the Railroad district matter, we find that two bonds were retired instead of one, due to accumulated surplus. All of which is respectfully reported.

M. H. Beard, W. F. Hook, 1908 Settlement Commissioners.
T. M. Bates, Chas. H. Drury, Fiscal Court Committee.

Which was, by vote, adopted and confirmed and the committee discharged.

It is ordered by the court that the following sums be and they are hereby allowed to the persons below named, respectively, for the services mentioned:

SMALL POX IN HANCOCK COUNTY

A Number Of Well Developed Cases Are Reported Near Chambers

Dr. J. W. Knox, of Lewisport, the Health Officer for Hancock county, is in town Monday, when he made a trip to the Chambers neighborhood to investigate the reported cases of small pox in the family of Mr. Frank R. Brande. The cases had been reported on the Saturday before, and Dr. Knox found the report to be correct, though the type is very mild and those afflicted are either better or on the verge of recovering.

The cases reported are those of Mr. and Mrs. Frank Brande, their four sons, a daughter-in-law and the family of another son who lives about a mile away. The latter family Dr. Knox did not see, but he sent yellow flags to the place and established a quarantine at both houses, posting signs at the front of each place as well. All of the parties agreed to abide by the quarantine, and with the Health Officer in a very sensible way about the matter. The Brande family has a telephone and proper arrangements were made for their confinement during the two or three weeks which will follow the quarantine. Dr. Knox does not anticipate that there will be any spread of the disease, and he reports the developed cases of a very mild type, the victims all being up and about the house.

A few weeks ago Mr. and Mrs. Brande went to Georgia to visit. While in the south they passed by a town, ten miles from the point of their visit in which there was small pox. It is believed that in this manner was the only possible way for them to bring back the disease.

FRUITS DIET MAKES CLEAR COMPLEXION

Fruits have a value which we all admit and, like succulent vegetables, give the proper elements for our blood. A clear skin and bright eyes are the reward of the fruit-and-vegetable devotee, but do not make the mistake of eating fruits too sweet, says the New Idea Woman's Magazine for May.

An enormous amount of time can be saved in summer by substituting fruits for hot desserts, thus saving the weary housewife cooking over a hot stove, without undue sacrifice on the part of the family, for nothing is more refreshing than fruit prettily served.

Mr. John Riba, of Vining, la., says: "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold. There are a dozen people here who have used them and they give perfect satisfaction in every case. I have used them myself with fine results." Sold by all druggists.

Governor Johnson's political mascot, Congressman Winfield S. Hammond, is to nominate the Minnesota candidate at the Denver convention. Someone we feel sorry for that mascot—Chicago Post.

Insist upon DeWitt's Witch Hazel Salve. There are substitutes, but there is only one original. It is healing, soothing and cooling and is especially good for piles. Sold by all druggists.

Taft headquarters will be opened in this city on Saturday. We take this opportunity to anticipate and deny the report which will be sent out from New York that all the rooms will have double doors.—Chicago Post.

HON. BEN JOHNSON

Will Be Declared Nominee at Committee Meeting in Louisville Thursday.

Mr. C. E. Sommers, who is chairman of the Democratic Committee for this county has received notice that there will be a meeting of all the county chairmen in the Fourth Congressional District in Louisville Thursday. This meeting will declare Hon. Ben Johnson the nominee for Congress from this district, as he has no opposition and will call off the primary which was to have been held on May 16. Mr. Johnson is fairly entitled to this distinction both on account of the precedence in the district and his ability as a Congressman.—E-town News.

Fruit Not So Badly Damaged.

A BUSINESS VIEW OF CONSERVATION.

The conference of Governors of the States and Territories which President Roosevelt has called to meet at the White House on the thirtieth of this month will be an assembly unique alike in object and in constitution. Never before have the executive heads of all the Commonwealths of the Union met in Washington or elsewhere for any purpose, and never before has a conference representing every section of the country as this will, been officially called together for the purpose of arriving at a comprehensive program for the conservation of the national resources. Thus the conference will be an epoch-making event in a double sense and doubtless the proceedings of the sessions which will shortly open in the historic East Room, will be watched, as they should be, with the keenest interest by Americans of all degrees and sections. The scene should be worth commemorating when the Chief Executive of the world's greatest federation faces for the first time in history the Chief Executives of its forty-six constituent states, all met to consult together of ways of keeping for future Americans the heritage of natural resources, which has lifted America to her present place of wealth and power. There will be other distinguished men present, too, among them representatives of all the important national organizations of one kind and another, the welfare of which depends upon national resources.—American Industries.

Marshal DeHaven deserves a whole lot of credit for dispelling the mob spirit here last week. To uphold the law at all hazards is what we need just now in Kentucky.

Judge Moorman is doing some excellent work in the court-house yard. He is making it a place of beauty, and a joy for ever to all who have business at the county seat. We applaud the Judge's initiative.

The Postmaster General knew what he was doing when he inaugurated the cash system for subscriptions. It is the best thing that ever happened for the country weekly. The News is proud to say that it had adopted the system before it ever heard of the P. M.'s order.

Don't quarrel with Nature. If we would do our work half as well, things would be well with us. Now that the clouds have passed away, let us forget them, get out into the sunlight and put in our best efforts. With a light heart and a willing hand, prosperity, happiness and contentment will follow us.

Fine display of thoroughbred stallions at Hardinsburg Monday. Beard Bros. high stepper—the best bred horse in Kentucky—was there, with Green Bros., beautiful lay, as pretty as a picture, drew a large crowd on court-house square. The scrub horse is not in it any more in old Breckenridge. Better times coming for the horse. He'll be better fed, better cared for and loved more as he should be.

The Right Man.

The Democratic committee of the Fourth district has met and named Mr. Ben Johnson for re-election to Congress at the coming convention.

Mr. Johnson is serving his first term in Congress and the Democratic party is fortunate in securing a man of his character and capacity for this service. Mr. Johnson is a Democrat of the strictest school. At the same time he is a man of high character and of liberal views. He brings to his public duties a wide knowledge of business needs, a thorough training as a business man and that party loyalty that seeks public confidence through laudable public service.

The longer a party can keep in Congress, a man of Mr. Johnson's character the better for the party and the better for the general interests of the public.—Louisville Evening Post.

Suppressed Night Riders.

From the Jesamine News.

Probably the following story, related by a farmer who was in town Monday, represents the extent of the "night rider" operations in this county thus far. This farmer states that his nearest neighbor had planned to raise a small crop this year for home consumption only. This farmer is the father of two boys, aged 11 and 13 years, upon whom he was relying to cultivate this crop. The boys did not enter into this part of the programme with the best of spirits and planned to scare "the old man." Accordingly one day they cut a lot of limber switches and that night laid them at the front door of the home. On the door they tacked this sign:

"Old Man: If you raise any tobacco this year there will be h—l raised here."

"Night Riders."

From a window in the kitchen the father watched the operations of the boys and when they retired and were fast asleep dreaming of the happy days they would spend with rod and line on the creek bank instead of tussling with the worms in the tobacco patch, he stole into their rooms. In the trousers leg of each he deposited a bunch of the switches and on the seats of their pants was attached the following sign:

"Night Riders!" Meet me at the barn at 7 o'clock in the morning, when h—l raising will begin.

"Old Man."

The appointment was kept and it caused the mother to devote half a day to patching up the seats of pants, while nature is still at work patching up two other seats. The man who tells this story and who lives not far from town, says that the tobacco bed is the pride of the neighborhood.
